**\$50 application fee is due with the soil report. \$50 permit fee is required before a permit can be issued.**

I hereby certify that, to the best of my knowledge, the information on this sheet is correct. In addition, the water supply and sewage facilities for this building will be installed strictly in accordance with all provisions of Indiana State Law 410 IAC 6-8.3. I also understand that a \$500 fee will be issued if construction begins before the OSS Permit is issued.

## Requirements for Onsite Sewage System (OSS) Permit Issuance and Final Inspection

A permit must be obtained from the Pike County Health Department BEFORE any construction starts at a site that will use an OSS.

- Application & Fee
  - Property owner or installer must complete & sign an application and pay application fee of \$50
- Soils Evaluation Report
  - Must be done by a certified soil scientist -*list provided* the soil scientist sends copies of the report to the property owner or the installer and to the Pike County Health Department.

**PROTECT THE SITE!** THE SEPTIC SYSTEM MUST GO WHERE THE SOIL SCIENTIST MADE THE BORINGS. YOU CAN MOW OR BUSHHOG, BUT NOTHING MORE. DO NOT ALLOW ANYONE TO DIG, SCRAPE, REMOVE ANY STUMPS, OR OTHERWISE DISTURB THE SITE.

- SOIL EVALUATION SPECIFICATION (SPEC) SHEET
  - Issued by Pike County Health Department to Property Owner and installer *who will design the Septic System*
- Plan Submittal by Installer —*list provided*—
  - Drawing, Materials & Design Packet, etc. must be submitted
  - The system components must be marked at the location (flags, paint, stakes, etc.)
  - Pike County Health Department staff will come to the site at the request of installer or property owner when the system has been marked for pre-approval.
  - Elevations will be checked; perimeter drain outlets will be inspected and separation distances will be measured
  - If any portion of the system goes off property, recorded easement must be in the permit file.
- Plan Approval
  - If field layout and plan submittal meet requirements, plans will be approved by the Pike County Health Department.
- Permit Issuance
  - The \$50.00 permit fee must be paid when the permit is issued.
  - The permit will be issued by the Pike County Health Department when all requirements are met.
- Final Inspections
  - Installer must notify Pike County Health Department 24 hours before covering system for final inspection.
  - Elevations will be checked
  - Measurements will be taken
  - Everything must be located where initially placed for pre-approval.
  - All components will be inspected
